## **London Riverside History Cruise**

25-26 September 2016

Due to its tremendous popularity we have decided to run another London Riverside History Cruise with our very own Peter Lawrence, one of Denman's most popular tutors.

From the ancient Britons, through the Roman occupation to London's development over the last millennium, the River Thames has always been the single most important reason for our capital's existence. Whilst walking the streets is a fascinating way of learning about London, it is nothing compared with viewing London from the Thames.

This fabulous event includes a three-course dinner and talk afterwards on the Sunday evening, plus an overnight stay in a lovely ensuite room. Then on the Monday after breakfast you will travel to London on a coach for a four-hour private charter cruise through central London with a fascinating commentary from Peter. Priced at £149 for WI members and £159 for non-members.

Outline for the Event:
